

The Lessons of Cause and Affect/The Reality of Life

"A **cause** will always unleash an **effect**."

"Between **cause** and **effect** there is a **lag**
(a manifestation)."

"Every **effect** will have the **same** polarity as its **cause**."

"The **lag** (manifestation) will have the **opposite** polarity
to the **cause** and **effect**."

"Life is **strict** for the **lesson** to meet its **purpose**, but is
generous once the lesson is learned."

"For the **negative** causes, it is a chance to **redeem** yourself."

OR

"For the **positive** causes, it is a test of **perseverance**."

"How you **address** in the manifestation your **negative** causes
yields redemption or despair."

OR

"Staying **solid** through the manifestation of your **positive** causes
yield positive effects."

The **New** reality positive or negative! The New mind healthy or unhealthy!
